

George Regional Hospital

Begins Construction, Re-routes Traffic

Emergency Room route marked with red arrows (←)

Hospital parking route marked with yellow arrows (←)

Construction of the new building begins June 5.

The hospital's main entrance off of Winter Street will be **CLOSED** to through traffic during construction.

The Emergency Room is still accessible from the main entrance and parking will be available.

To access hospital parking, please use Ratliff Street and go through the Community Medical Center entrance to the backside of the hospital. Patient parking will still be available in front of the hospital as well.

We appreciate your understanding and support during this phase of construction as we strive to provide this community with the BEST healthcare possible!
