George County announces intermittent road closure on Hopper Road **Release- April 18, 2023**

Loves Construction Crews will intermittently close a section of Hopper Road near the intersection of Highway 198 East starting Wednesday, April 19 for a major asphalt paving project.

Construction crews will be milling down the original road, improving the road's foundation/leveling, widening shoulders, and repaving both lanes from Hwy. 198 around the curve to the south side of the new Loves Travel Center Property.

Road crews will leave one-lane of Hopper open during a majority of the improvement project for driver and local residential thru traffic. This project is expected to take one week to complete, weather permitting.

Residents will only experience intermittent closures during final surface paving work. During construction times, drivers can also detour on Donovan Road and the south end of Hopper Road.

All drivers are asked to use caution around this construction site. Pay special attention to traffic signs, road workers, and heavy equipment.

For additional information, call District 1 Supervisor Frankie Massey at 601-947-7506.
